George W. Stedman. George W. Stedman, aged 76, died Wednesday evening about 6 o'clock at his home in Mansfield Depot of a com-plication of bladder and kiddney trou-bles. He had been in failing health

bles. He had been in failing health for the past year.

Mr. Stedman was born in Willington, where he owned and conducted a large farm for many years. Some 27 or 28 years he moved to Mansfield and has since made his home there. During the past few years he did not follow any particular vocation. At one time, for several years, he was clerk in Smith's store at Mansfield Depot. He was well known in the community. There survive a widow, who was his second wife one son, William Stedman of Hartford, and one daughter, Mrs. Albert Lillis of Springfield, Mass. There are also three step-children, Anna, William and Albert Hall.

Ex-City Sheriff John S. Sullivan has received his commission from Prof. W. B. Bailey, supervisor of the census for Connecticut, to take the census of that part of the town known as the Third ward, that was assigned to John M. Connor, whose removal to Middletown made another appointment necessary.

Thomas P. Foley, on Monday night chosen third assisant fire engineer by a majority vote of the board of aldermen to succeed Fred W. Gerrick, who refused the bonor, has not accepted. When asked Wednesday whether he intended to accept the appointment he when asked wednesday whether he intended to accept the appointment, he stated that he had not as yet done so and was not prepared to say whether he would do so or not. Mr. Foley is a member of Montgomery Hose Co. No. 2, and considered one of the best firemen in the department.

Big Stones Put in Place.

The large cut block, weighing six tons, that fell from a height of 25 feet last week while being raised to the roof at the new postoffice, at the corner of Main and High streets, was again raised Wednesday morning to its proper place on the wall over the Main street entrance. The other stone of similar dimensions and weight was successfully raised into position at the other side of the entrance Wednesday afternoon. The derrick, with a new boom, worked in fine shape, and the stones were raised in a space of about five minutes each. The work attracted the attention of quite a gallery along the streets, but far enough away to be out of danger in the event of another accident like last week. Big Stones Put in Place.

Schooner's Deck Just Above Water.
Schooner Marshall O. Wells which ran on Sugar reef Monday morning, allongside Bindiose dock, is repting with her deck just above water. Her masts lean well aft, as there is no head gear to hold them up. At high tide the water washes over her deck. It is the opinion of the seafaring men here that she has parted in spots. She was built 43 years ago, and has made many trips. Several years ago she was blown on the west breakwater and was loaded with sulphur. As yet nothing has been done toward clearing up the wreckage, as the craft and cargo were insured and the adjusters are to have the first session with her.

The specifing department of the Quinebaug mills is being equipped with a new set of specifing machines.

There are nearly two score of them and they are rapidly being put in place. Another up to date machine that has been recently installed in the weaving room of the mill is an Amoskeag yarn conditioner. The purpose of this machine is to remove all kinks from the yarn before it reaches the stage where it is to be woven into cloth. It does this very necessary conditioning in less than a minute, and does it more effectively than was possible in a day under the old process.

Nobility of Character. The sermon was preached by Rev. Frederick A. Holden of Preston, his text being Acts 17:11, and topic, How to Gain Nobility of Character. No word expresses so much of a person's character as to be called noble, the meaning of which is well-born. As a person once said, Begin a boy's education with his grandfather. One should make the most of a good inhoritance,

After a praise service at the com-mencement of the afternoon service led by Rev. Frank A. Fuller of Lisbon, there was an admirable address on Woman's Work in the Local Church, by Mrs. Edgar M. Warner of Putnam. Mrs. E. M. Warner's Address. She said the best quality in a wo man was the capacity for sympatheti and compassionate love, and discusse

her work as a business woman, a teacher and a missionary. There would be less need of clubs if women were vitally interested in their churches, and vitally interested in their churches, and thus put as much interest into the church as into the club. No woman has a right to do so much outside work that she has no time for church work. One-talent workers should be more appreciated and encouraged. Women are generally the teachers of the children in the Sunday schools, and she told the beautiful parable of the leading of a child. Wise, sympathetic teachers are efficient workers in the church.

The social problem is the most dif-

The social problem is the most difficult. She approved of raising money right from the pocket, and having enjoyable times for the young people. Her closing thought was the missionary woman. ary woman.

The choir sang, He Will Hold Me Fast with solo by Mrs. Leonard.

Then came a discussion on The Church Prayer Meeting: What It Has Been; Should It Be Abandoned?

Prayer Meeting Discussed. Rev. C. H. Peck of Hanover spoke of the prayer meeting as a place for the conversion of souls, a bond of in-terest between the minister and peo-ple, a place for fellowship and growth The Lord and Master needs the prayer meeting and the kingdom of God needs it.

Plainfield Man's Question. Edward Hall of Plainfield said that every question is the result of some reason; he asked a few questions to see if they were reasons why the prayer meeting should be abandoned. Is it because of lack of attendance, or of uncertain attendance, or because one goes unprepared, and goes away little if any better? Are we going to fast and there is no time to stop and pray? If so, how can we become the sait of the earth if there is no time to pray? Is it because the pastor does not receive the support of his people? Should we abandon the source of an advantage to ourselves, any more than we should our homes? Edward Hall of Plainfield said that He thought an atmosphere of wel-

Old-Time Prayer Meeting. Henry Buck read a paper written by Rev. Charles French, which told of the oid-time prayer meeting, which is good enough for some and not for others. It was in a ten days' prayer meeting that the church of God was born. The prayer meeting is the barameter, not the thermometer, of the church. There is likely to be a demand for what the individual is most interested in. Let there be a reaching out for a spiritual awakening.

Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maid ens, wives and mothers, that the one which acts gently and pleasantly and naturally and which may be taken as any time, when the system needs a laxative, with perfect safety and really beneficial effects, is Syrup of Figs and Elixir of Sanna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative of fect which is so beneficial to the ayatem when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bettle.

Offered to Pupils Attaining Highest Average in History

A. R., met at the home of Mrs. E. F. Burieson on Wednesday afternoon, nine members and six visitors being present. The regent, Miss Marsha Brewster, presided. During the busic ness meeting, it was decided to offer a prize amounting to five dollars, to the pupils attaining the highest standard to history during the highest standard. the pupils attaining the highest stand-ing in history during this term at the Riverside grammar school; three dollars to be given to the highest-stand pupil, and two to the one standing next in average. The prised will be awarded at the graduation ex-ercises. As this was Ancestors' day, the members had been asked to re-late some facts in connection with their ancestors. A number responded their ancestors. A number responded with interesting papers. The programme was enlivened with music, Mrs. F. D. Ballou singing The Rose in the Garden, and Lindy, as an encore. Mrs. F. S. Leonard played a Chopin waltz and by request another by the same composer. The hostess served delectable rafreshments, clossing an enjoyable afternoon.
